NOTICE OF ANSWER TO OPPOSITION

TAKE NOTICE that the Registrar is in receipt of an answer to opposition, filed on the 21st day of August, 2026, by **SADANI ORLANDO HARRISON, JEANELLE KARLENE HARRISON, ROCHELLE ALDINA HARRISON** and **ROBERTO CARLOS HARRISON** (The Applicant), of #1.5 Miles Bullet Tree Road, San Ignacio, Cayo District, Belize, to the Opposition by **LOVE ENTERTAINMENT LIMITED** (The Opponent) of 7145 Slaughterhouse Road, Belize City, Belize, C.A., filed on the 21st day of May, 2026, against trade mark application No. 20083.25 file on the 29th day of May, 2026, for the registration of the following trade mark, as proprietors thereof:

The Applicant hereby gives notice that the following are the grounds on which it relies as supporting the above trade mark:

Preliminary Point - Typographical Error in the Notice of Opposition

1. The Applicants note that the Notice of Opposition filed by the Opponent refers to the application under opposition as Application No. **20083.25.** The Applicants understand this to be a typographical error, as the correct number is Application No. **20082.25,** being the Applicants' Trade Mark Application to which this Answer relates. The Applicants respectfully bring this error to the attention of the Registrar for the sake of absolute clarity, and this Answer to Opposition proceeds on the footing that the Notice of Opposition is directed at Application No. **20082.25.**

General Position and Historical Background

2. The Applicants are the joint applicants for Trade Mark Application No. 20082.25, filed on 29 May 2025, for the La Ruta Maya Belize River Challenge device mark. The published application covers goods and services in International Classes 9, 16, 35, 38 and 41.
3. The Applicants are the children of the late Orlando Rene Harrison. Orlando Harrison was centrally involved in the conception, organisation, development, promotion and commercial use of the La Ruta Maya Belize River Challenge and was publicly recognised, together with his brother Richard Harrison, as a founder and pioneer of the race.

4. The event and its distinctive name and device substantially pre-date the Opponent's alleged acquisition of proprietary rights in 2015. The Applicants will rely upon evidence that Orlando Harrison and Richard Harrison, through their Big-H business interests and with a founding committee, conceived and organised the first race in or about 1998.

5. The Applicants will also rely upon first-hand evidence from early committee members and sponsors that Orlando and Richard Harrison were the founders and organisers; that Big-H was an organiser and leading sponsor; and that, before 2015, the Love FM/Love TV interests participated principally as media sponsor rather than as proprietor or organiser of the event.

6. The original artist, Mike Green, has identified himself as the creator of the device logo. He states that he created it in or about February 1998 for Orlando and Richard Harrison and their event, drawing upon the Maya Paddler Gods imagery, adding the Kinich Ahau figure and developing the accompanying branding. The Opponent was not involved in the creation of that artwork.

7. Contemporaneous promotional material from 2012 offered shirts for sale bearing the device logo, the slogan "It's More Than Just A Race" and the event name. This is evidence of commercial and promotional use of the name and device before the 2015 arrangement relied upon by the Opponent.

8. The historical documentary record includes the original Certificate of Registration issued under the Business Names Act for "LA RUTA MAYA BELIZE RIVER CHALLENGE", Certificate No. 8990, which records that a statement furnished by Orlando Rene Harrison was registered on 1 December 2004. The underlying registration file also contains the application made in Orlando Rene Harrison's name and signed by him. The Applicants rely upon these contemporaneous Registry documents as evidence of Orlando Harrison's longstanding assertion of an interest in and connection with the La Ruta Maya Belize River Challenge name many years before the Opponent's alleged acquisition of rights in 2015.

9. Correspondence from 2013 concerning the original website and the domain larutamayabelize.com shows the Harrison side controlling access to and management of the website and domain. Belikin/Bowen & Bowen sought agreement with the Harrison representatives regarding corporate sponsorship, hosting and development of the website, rather than asserting ownership of the name or domain.

10. Correspondence from 2014 records Love FM/Love TV seeking recognition as the official media house, preferential access to interviews and race information, and placement of its logo on promotional material, in exchange for radio and television advertising, interviews and coverage. Orlando Harrison and Roberto Harrison continued to give instructions and act as points of contact for the race. That correspondence evidences a collaborative media and promotional relationship and does not establish proprietary ownership by the Opponent.

11. The Applicants acknowledge the substantial contribution made by the Opponent and associated Love FM/Love TV interests to the promotion, broadcasting, organisation and, later, management of the race. They deny, however, that participation in those capacities, without a valid transfer of title, made the Opponent the sole proprietor of the race name, the device logo, the goodwill or the copyright.

The 2015 Arrangement and Subsequent Dealings

12. The Applicants admit that a Memorandum of Understanding & Agreement dated 11 February 2015 was entered into between Love Entertainment Limited and Orlando Harrison and Roberto Harrison concerning the race.

13. On its face, the 2015 agreement provided for Love to assume substantial operational control and responsibility for the race. It also required Love to provide income and expense reports, preserved founder representation on the governing board, required recognition of Orlando and Roberto Harrison as founders and provided for the founders to receive a share of the profits.

14. The provision concerning the name and logo states, in substance, that the founders would allow rights and privileges for use of the name "La Ruta Maya Belize River Challenge" and the logo by Love. The agreement does not expressly use the language of sale, assignment or transfer of all proprietary title in the trade mark, the goodwill or the copyright.

15. The Applicants therefore deny the Opponent's pleaded characterisation that the mark was simply and absolutely "contractually assigned" to it in 2015. The proper construction of the agreement must take account of its wording as a whole, the handwritten amendments, the continuing founder rights and recognition, and the parties' subsequent conduct. The operational transfer of control, funds, records and materials did not necessarily transfer the underlying legal ownership of every intellectual property right.

16. Public material associated with the event after 2015 continued to identify Richard Harrison and Orlando Harrison as founders or pioneers. In particular, a 2021 Belikin La Ruta Maya publication identified Richard Harrison as a founder, and Love FM's own memorial publication of 5 August 2022 described Orlando Harrison as one of the founders of the La Ruta Maya Belize River Challenge.

17. The Applicants will rely upon the parties' subsequent dealings. In February 2024, a proposed replacement agreement was transmitted from the La Ruta Maya email account used by Love. Although unsigned, its recitals expressly described the "Founders" as owners of the trade name and proposed that they grant Love exclusive rights to use the trade name and mark, while Love would continue to manage the event. That drafting is inconsistent with the Opponent's present contention that all underlying ownership had already been absolutely assigned to it in 2015.

18. The Harrison family has also retained control of the original domain name larutamayabelize.com, which was historically used in connection with the La Ruta Maya Belize River Challenge and its official website. The Applicants rely upon the continued retention of that domain, together with the other historical records, as further evidence of the Harrison family's continuing connection with the name and event notwithstanding Love Entertainment Limited's subsequent management and promotional role.

19. Prior to his death in August 2022, Orlando Rene Harrison had also taken steps towards obtaining trade mark protection for the La Ruta Maya Belize River Challenge name and mark. The Applicants understand that Orlando sought assistance in carrying out a trade mark search at BELIPO and raised concerns about protecting the brand from competing claims. The search disclosed no existing registration of the mark, but Orlando died before the contemplated application was completed. The Applicants rely upon these steps as further evidence that Orlando continued to regard the mark and brand as an interest requiring protection and had not treated the Harrison interest as having been abandoned or absolutely transferred away.

20. Harrison representatives also continued to request financial reports for the 2023 and 2024 races. That conduct is consistent with their understanding that the reporting, economic and founder rights preserved by the 2015 agreement remained in force notwithstanding Love's management of the event.

21. Before the present opposition and invalidation proceedings, the Applicants were not notified of any demand or assertion by the Opponent that it had acquired absolute ownership of the name, device, goodwill and copyright. So far as they are aware, the Opponent did not oppose the application which led to Registered Trade Mark No. 18907.23 during its publication process. Those matters, together with the parties' documents and conduct, informed the Applicants' honest understanding of their position.

22. Following Orlando Rene Harrison's death, the Applicants, as his children and members of the Harrison family historically connected with the race, continued the effort to obtain formal protection for the mark. They jointly applied for and subsequently obtained Registered Trade Mark No. 18907.23 and thereafter pursued further protection for the same device mark in additional classes.

23. The application was made to protect and regulate bona fide intended use of the mark by the Applicants or with their consent, including through controlled licensing and event-related goods and services, merchandise, promotion, digital media, broadcasting and sporting or recreational activities. The Applicants deny that the specification was adopted for an improper blocking purpose and will adduce evidence of their intended direct or authorised use of the mark.

Bad Faith - Section 35(6)

24. The allegation that Application No. 20082.25 was made in bad faith is denied. The Applicants did not adopt a mark unconnected with them or dishonestly seek to appropriate an asset which they knew belonged exclusively to the Opponent.

25. Knowledge that the Opponent had used, promoted and managed the mark and event does not establish bad faith. That use arose from a longstanding relationship with the founders and, from 2015, from a written arrangement governing the management of the race and the use of the name and logo.

26. The Applicants' honest belief is supported by the pre-2015 history, Orlando Harrison's business-name record, the evidence of the original artist and early committee members, the wording of the 2015 agreement, the Opponent's continuing recognition of the founders, the 2024 proposed agreement and the absence of any prior assertion of absolute ownership by the Opponent.

27. Before filing Application No. 20082.25, the Applicants had already obtained protection for the same La Ruta Maya Belize River Challenge device mark through Registered Trade Mark No. 18907.23. Their conduct in seeking further protection was therefore part of a continuing and openly pursued programme of protection of the Harrison family's claimed interest in the brand, rather than a concealed attempt to appropriate a mark which they understood to belong exclusively to the Opponent.

28. Further, another application filed by the same Applicants on 29 May 2025 for the same device mark subsequently proceeded to registration as Trade Mark No. 20082.25, in International Classes 25, 39, 42, 43 and 45. The Applicants rely upon the sequence of their applications and registrations as part of the factual context in which the allegation of bad faith must be assessed. They deny that Application No. 20082.25 was filed dishonestly or for the purpose of appropriating property which they knew belonged exclusively to the Opponent.

29. The breadth of the classes claimed does not, without more, establish bad faith. The Applicants intended that the mark should be used by them or with their consent in relation to the applied-for goods and services, including through future licensing and commercial arrangements connected with the event. The precise scope of that intended use will be addressed in evidence.

Passing Off and The Alleged 2015 Assignment - Section 37(4)(A)

30. The Opponent must establish goodwill in Belize belonging to it, a misrepresentation by the Applicants and resulting or likely damage. The reputation of the race itself, or use of the sign by an authorised media partner or event manager, does not by itself prove that all goodwill belonged beneficially and exclusively to the Opponent.

31. The Opponent is not admitted to have been, as at 29 May 2025, the sole proprietor of an unregistered trade mark or goodwill sufficient to prevent the Applicants' use under the law of passing off. It is put to strict proof of the origin, ownership, nature, extent and territorial scope of the goodwill relied upon.

32. The Applicants deny that the 2015 agreement necessarily transferred the underlying proprietary title and goodwill. On their case, the agreement principally regulated control, management, use and commercial exploitation of the event while preserving founder recognition, representation, economic participation and the underlying founder interests.

33. The Opponent is put to proof that goodwill generated through its promotion, broadcasting, management and organisation accrued to it as sole proprietor rather than arising from an authorised contractual role in connection with a pre-existing Harrison-founded event.

34. To the extent that the Opponent relies upon activities carried on before 2015 under the Love FM, Love TV or RSV Ltd names, it is put to strict proof that those activities and any associated goodwill were legally attributable to, or validly transferred to, Love Entertainment Limited.

35. The Applicants deny that their proposed use constitutes a false representation that their goods or services are those of an unrelated trader. Their connection with the founders, the historical use of the name and device, and their intention to preserve and license the founder interests provide due cause and a legitimate basis for their use.

Copyright and Alleged Earlier Right - Section 37(4)(B)

36. The Opponent's alleged earlier right by virtue of copyright is denied. The Opponent is put to strict proof of the particular work relied upon, the author or authors, first ownership, subsistence at the relevant date and every written instrument or transaction said to vest copyright in Love Entertainment Limited.

37. The Applicants will rely upon Mike Green's evidence that he was the original creator of the device logo and created it in or about February 1998 for Orlando and Richard Harrison and their event. That evidence does not support any claim that Love created the work or originally owned its copyright.

38. The 2015 agreement does not expressly identify copyright as the subject of an assignment and does not expressly transfer ownership of copyright in the artistic/device elements to the Opponent. No separate written assignment to Love has been identified.

39. No admission is made that copyright subsists in the words “La Ruta Maya Belize River Challenge” as such. Insofar as the Opponent relies upon copyright in the artistic elements, it must prove a valid chain of title from the original copyright owner to itself.

Alleged Earlier or Well-Known Trade Mark - Sections 37(2), 37(3), 38 And 61

40. The Applicants deny that, at the filing date, the -Opponent was proprietor of an “earlier trade mark” within section 38 capable of defeating the application on the grounds pleaded. The Notice identifies no Belize registration or pending application owned by the Opponent. The Opponent is put to strict proof of proprietorship, the relevant date and every statutory requirement.

41. The Opponent is also put to proof, for each good and service challenged in International Classes 9, 16, 35, 38 and 41, of the goods or services for which its alleged earlier mark was protected and of the identity or similarity required by sections 37(1) to 37(3).

42. Insofar as the Opponent relies upon protection under the Paris Convention as a well-known trade mark, it must prove that the relevant mark was well known in Belize as the mark of Love Entertainment Limited, and not merely that the La Ruta Maya Belize River Challenge event was famous or widely recognized.

43. The historical evidence associates the origin and identity of the event with Orlando Harrison, Richard Harrison, Big-H and the founding committee. The Opponent's own later publications continued to recognise the Harrison founders. Those matters are inconsistent with treating the entire reputation of the event as reputation belonging exclusively to the Opponent.

Confusion, Reputation, Unfair Advantage and Detriment

44. The Applicants accept that the same or substantially the same event sign has been used during the parties' longstanding relationship. Identity or similarity of signs does not dispense with the requirement that the Opponent prove proprietorship of an earlier mark or earlier right.

45. Any association between the mark, the race, the Harrison founders and the Opponent must be assessed in the context of the parties' authorised and contractual relationship. The Applicants deny that their proposed use is without due cause, improperly takes advantage of a reputation belonging exclusively to the Opponent, or is detrimental to any proprietary right proved by the Opponent.

Relief

46. The Applicants respectfully request that the opposition be dismissed and that Application No. 20082.25 proceed to registration.

47. The Applicants seek their costs and such further or other relief as the Registrar considers just.

Admissions

48. The Applicants admit only the following allegations in the Notice of Opposition:

a. The formal particulars of Application No. 20082.25, including the identity of the Applicants and the filing date of 29 May 2025, are admitted.

b. It is admitted that the Opponent and/or associated Love FM/Love TV interests have participated in the promotion, broadcasting, organization and management of the event. It is not admitted that they did so as sole proprietor of the mark, goodwill or copyright.

c. It is admitted that the Memorandum of Understanding & Agreement dated 11 February 2015 exists and concerns operational control of the race and use of the name and logo. It is denied that it effected an absolute assignment to the Opponent of all proprietary title in the trade mark, goodwill and copyright.

d. It is admitted that the sign used by the Opponent in connection with the event corresponds to, or substantially corresponds to, the sign in the application. It is denied that such use, without proof of proprietorship and title, establishes an earlier trade mark or earlier right within the Act.

49. Except as expressly admitted above, the Applicants deny every allegation and legal conclusion in the Notice of Opposition and put the Opponent to strict proof

The Opponent is required to submit a response to this notice, to the Registrar, no later than 30 days from the date of publication of this notice.

NOTICE OF ANSWER TO INVALIDATION

IN THE MATTER OF an application for Invalidation by **LOVE ENTERTAINMENT LIMITED** of 7145 Slaughterhouse Road, Belize City, Belize, C.A. ("the **Applicant**"), to Trade Mark No. 18907.23 ("the **Mark**") filed on the 20th day of July, 2023.

We, **SADANI ORLANDO HARRISON, JEANELLE KARLENE HARRISON, ROCHELLE ALDINA HARRISON** and **ROBERTO CARLOS HARRISON,** all of #1.5 Miles Bullet Tree Road, San Ignacio, Cayo District, Belize, the registered proprietors of the above Mark, hereby give notice that the following are the grounds on which we rely in support of the registration and in opposition to the application for invalidation:

Preliminary Point - Typographical Error in the Related Notice of Opposition

1. The Registered Proprietors note, for completeness and the avoidance of doubt, that in the related opposition proceeding concerning the Registered Proprietors' Trade Mark Application, the Notice of Opposition filed by the Invalidation Applicant refers to that application as Application No. **20083.25.** The Registered Proprietors understand this to be a typographical error as the correct number is Application No. **20082.25.** Although this Answer concerns Registered Trade Mark No. 18907.23 and not Application No. 20082.25, the Registered Proprietors respectfully bring this error to the attention of the Registrar for the sake of absolute clarity as between the two connected proceedings.

General Position and Historical Background

2. The Registered Proprietors are the joint registered proprietors of Trade Mark No. 18907.23, the application for which was filed on 20 July 2023 and which proceeded to registration in their joint names. The registration was sealed by BELIPO on 23 August 2024 and covers International Class 35 for retail store services relating to clothing and sporting goods and International Class 41 for sporting and recreational activities.

3. The Registered Proprietors are the children of the late Orlando Rene Harrison. Orlando Harrison was centrally involved in the conception, organisation, development, promotion and commercial use of the La Ruta Maya Belize River Challenge and was publicly recognised, together with his brother Richard Harrison, as a founder and pioneer of the race.

4. The event and its distinctive name and device substantially pre-date the Invalidation Applicant's alleged acquisition of proprietary rights in 2015. The Registered Proprietors will rely upon evidence that Orlando Harrison and Richard Harrison, through their Big-H business interests and with a founding committee, conceived and organised the first race in or about 1998.

5. The Registered Proprietors will also rely upon first-hand evidence from early committee members and sponsors that Orlando and Richard Harrison were the founders and organisers; that Big-H was an organiser and leading sponsor; and that, before 2015, the Love FM/Love TV interests participated principally as media sponsor rather than as proprietor or organiser of the event.

6. The original artist, Mike Green, has identified himself as the creator of the device logo. He states that he created it in or about February 1998 for Orlando and Richard Harrison and their event, drawing upon the Maya Paddler Gods imagery, adding the Kinich Ahau figure and developing the accompanying branding. The Invalidation Applicant was not involved in the creation of that artwork.

7. Contemporaneous promotional material from 2012 offered shirts for sale bearing the device logo, the slogan “It's More Than Just A Race” and the event name. This is evidence of commercial and promotional use of the name and device before the 2015 arrangement relied upon by the Invalidation Applicant.

8. The historical documentary record includes the original Certificate of Registration issued under the Business Names Act for “LA RUTA MAYA BELIZE RIVER CHALLENGE”, Certificate No. 8990, which records that a statement furnished by Orlando Rene Harrison was registered on 1 December 2004. The underlying Registry file also contains the application made in Orlando Rene Harrison’s name and signed by him. The Registered Proprietors rely upon these contemporaneous documents as evidence of Orlando Harrison’s longstanding assertion of an interest in and connection with the La Ruta Maya Belize River Challenge name many years before the Invalidation Applicant’s alleged acquisition of rights in 2015.

9. Correspondence from 2013 concerning the original website and the domain larutamayabelize.com shows the Harrison side controlling access to and management of the website and domain. Belikin/Bowen & Bowen sought agreement with the Harrison representatives regarding corporate sponsorship, hosting and development of the website, rather than asserting ownership of the name or domain.

10. Correspondence from 2014 records Love FM/Love TV seeking recognition as the official media house, preferential access to interviews and race information, and placement of its logo on promotional material, in exchange for radio and television advertising, interviews and coverage. Orlando Harrison and Roberto Harrison continued to give instructions and act as points of contact for the race. That correspondence evidences a collaborative media and promotional relationship and does not establish proprietary ownership by the Invalidation Applicant.

11. The Registered Proprietors acknowledge the substantial contribution made by the Invalidation Applicant and associated Love FM/Love TV interests to the promotion, broadcasting, organisation and, later, management of the race. They deny, however, that participation in those capacities, without a valid transfer of title, made the Invalidation Applicant the sole proprietor of the race name, the device logo, the goodwill or the copyright.

The 2015 Arrangement .and Subsequent Dealings

12. The Registered Proprietors admit that a Memorandum of Understanding & Agreement dated 11 February 2015 was entered into between Love Entertainment Limited and Orlando Harrison and Roberto Harrison concerning the race.

13. On its face, the 2015 agreement provided for Love to assume substantial operational control and responsibility for the race. It also required Love to provide income and expense reports, preserved founder representation on the governing board, required recognition of Orlando and Roberto Harrison as founders and provided for the founders to receive a share of the profits.

14. The provision concerning the name and logo states, in substance, that the founders would allow rights and privileges for use of the name “La Ruta Maya Belize River Challenge” and the logo by Love. The agreement does not expressly use the language of sale, assignment or transfer of all proprietary title in the trade mark, the goodwill or the copyright.

15. The Registered Proprietors therefore deny the allegation that the mark was simply and absolutely “contractually assigned” to Love in 2015. The proper construction of the agreement must take account of its wording as a whole, the handwritten amendments, the continuing founder rights and recognition, and the parties' subsequent conduct. The operational transfer of control, funds, records and materials did not necessarily transfer the underlying legal ownership of every intellectual property right.

16. Public material associated with the event after 2015 continued to identify Richard Harrison and Orlando Harrison as founders or pioneers. In particular, a 2021 Belikin La Ruta Maya publication identified Richard Harrison as a founder, and Love FM's own memorial publication of 5 August 2022 described Orlando Harrison as one of the founders of the La Ruta Maya Belize River Challenge.

17. The Registered Proprietors will rely upon the parties' subsequent dealings. In February 2024, a proposed replacement agreement was transmitted from the La Ruta Maya email account used by Love. Although unsigned, its recitals expressly described the “Founders” as owners of the trade name and proposed that they grant Love exclusive rights to

use the trade name and mark, while Love would continue to manage the event. That drafting is inconsistent with the Invalidation Applicant's present contention that all underlying ownership had already been absolutely assigned to it in 2015.

18. The Harrison family has also retained control of the original domain name larutamayabelize.com, which was historically used in connection with the La Ruta Maya Belize River Challenge and its official website. The Applicants rely upon the continued retention of that domain, together with the other historical records, as further evidence of the Harrison family's continuing connection with the name and event notwithstanding Love Entertainment Limited's subsequent management and promotional role.

19. Prior to his death in August 2022, Orlando Rene Harrison had also taken steps towards obtaining trade mark protection for the La Ruta Maya Belize River Challenge name and mark. The Applicants understand that Orlando sought assistance in carrying out a trade mark search at BELIPO and raised concerns about protecting the brand from competing claims. The search disclosed no existing registration of the mark, but Orlando died before the contemplated application was completed. The Applicants rely upon these steps as further evidence that Orlando continued to regard the mark and brand as an interest requiring protection and had not treated the Harrison interest as having been abandoned or absolutely transferred away.

20. Harrison representatives also continued to request financial reports for the 2023 and 2024 races. That conduct is consistent with their understanding that the reporting, economic and founder rights preserved by the 2015 agreement remained in force notwithstanding Love's management of the event.

21. Before the present proceedings, the Registered Proprietors were not notified of any demand or assertion by the Invalidation Applicant that it had acquired absolute ownership of the name, device, goodwill and copyright. So far as they are aware, no opposition was lodged by the Invalidation Applicant during the publication process leading to registration of Trade Mark No. 18907.23.

22. Following Orlando Harrison's death, the Registered Proprietors acted jointly to preserve and protect the Harrison family's founder interests associated with the race. They applied for Trade Mark No. 18907.23 in the honest belief that the 2015 arrangement had conferred management and rights of use upon Love but had not divested all underlying Harrison interests in the name and device.

23. The mark had long been used in connection with the sporting event, promotional activities and event-related merchandise. The application was made to protect and regulate bona fide use by the Registered Proprietors or with their consent in relation to the registered services.

Validity and Bad Faith - Sections 35(6), 47(1) And 67

24. The allegation that the application leading to Trade Mark No. 18907.23 was made in bad faith is denied. The registration concerns the name and device of a Harrison-founded event with which the Registered Proprietors' late father and family had a direct and longstanding connection.

25. Knowledge that the Invalidation Applicant had used, promoted and managed the mark and event does not establish bad faith. That use arose from a longstanding relationship with the founders and, from 2015, from a written arrangement governing management of the race and use of the name and logo.

26. The Registered Proprietors' honest belief is supported by the pre-2015 history, Orlando Harrison's business-name record, the evidence of the original artist and early committee members, the wording of the 2015 agreement, the continuing recognition of the founders, the 2024 proposed agreement and the absence of a prior claim of absolute ownership by the Invalidation Applicant.

27. Trade Mark No. 18907.23 remains registered in the joint names of the Registered Proprietors. Section 67 of the Act provides that registration of a person as proprietor is prima facie evidence of the validity of the original registration. The Invalidation Applicant must establish a statutory ground for invalidity.

Passing Off and The Alleged 2015 Assignment - Sections 37(4)(A) And 47(2)

28. The Invalidation Applicant must establish goodwill in Belize belonging to it, a misrepresentation by the Registered Proprietors and resulting or likely damage. The reputation of the race itself, or use of the sign by an authorised media partner or event manager, does not by itself prove that all goodwill belonged beneficially and exclusively to the Invalidation Applicant.

29. The Invalidation Applicant is not admitted to have been, as at 20 July 2023, the sole proprietor of an unregistered trade mark or goodwill sufficient to prevent the Registered Proprietors' use under the law of passing off. It is put to strict proof of the origin, ownership, nature, extent and territorial scope of the goodwill relied upon.

30. The Registered Proprietors deny that the 2015 agreement necessarily transferred the underlying proprietary title and goodwill. On their case, it principally regulated control, management, use and commercial exploitation of the event while preserving founder recognition, representation, economic participation and the underlying founder interests.

31. The Invalidation Applicant is put to proof that goodwill generated through its promotion, broadcasting, management and organisation accrued to it as sole proprietor rather than arising from an authorised contractual role in connection with a pre-existing Harrison-founded event.

32. To the extent that the Invalidation Applicant relies upon activities carried on before 2015 under the Love FM, Love TV or RSV Ltd names, it is put to strict proof that those activities and any associated goodwill were legally attributable to, or validly transferred to, Love Entertainment Limited.

33. The Registered Proprietors deny that their use constitutes a misrepresentation actionable in passing off. Their connection with the founders, the historical use of the name and device and their existing registration provide a legitimate basis and due cause for their use.

Copyright and Alleged Earlier Right - Sections 37(4)(B) And 47(2)

34. The alleged earlier right by virtue of copyright is denied. The Invalidation Applicant is put to strict proof of the particular work relied upon, the author or authors, first ownership, subsistence as at 20 July 2023 and every written instrument or transaction said to vest copyright in Love Entertainment Limited.

35. The Registered Proprietors will rely upon Mike Green's evidence that he was the original creator of the device logo and created it in or about February 1998 for Orlando and Richard Harrison and their event. That evidence does not support any claim that Love created the work or originally owned its copyright.

36. The 2015 agreement does not expressly identify copyright as the subject of an assignment and does not expressly transfer ownership of copyright in the artistic/device elements to the Invalidation Applicant. No separate written assignment to Love has been identified.

37. No admission is made that copyright subsists in the words “La Ruta Maya Belize River Challenge” as such. Insofar as the Invalidation Applicant relies upon copyright in the artistic elements, it must prove a valid chain of title from the original copyright owner to itself.

Alleged Earlier or Well-Known Trade Mark - Sections 37(2), 37(3), 38, 47(2) And 61

38. The Registered Proprietors deny that, as at 20 July 2023, the Invalidation Applicant was proprietor of an “earlier trade mark” within section 38 capable of invalidating Trade Mark No. 18907.23 on the grounds pleaded. The invalidation application identifies no Belize registration or pending application owned by the Invalidation Applicant. It is put to strict proof of proprietorship, the relevant date and every statutory requirement.

39. The Invalidation Applicant is also put to proof that its alleged earlier mark was protected, as at 20 July 2023, for goods or services identical or similar to the registered Class 35 retail-store services and Class 41 sporting and recreational activities relied upon in these proceedings.

40. Insofar as the Invalidation Applicant relies upon protection under the Paris Convention as a well-known trade mark, it must prove that the relevant mark was well known in Belize as the mark of Love Entertainment Limited, and not merely that the La Ruta Maya Belize River Challenge event was famous or widely recognised.

41. The historical evidence associates the origin and identity of the event with Orlando Harrison, Richard Harrison, Big-H and the founding committee. The Invalidation Applicant's own later publications continued to recognise the Harrison founders. Those matters are inconsistent with treating the entire reputation of the event as reputation belonging exclusively to the Invalidation Applicant.

Confusion, Reputation, Unfair Advantage and Detriment

42. The Registered Proprietors accept that the same or substantially the same event sign has been used during the parties' longstanding relationship. Identity or similarity of signs does not dispense with the requirement that the Invalidation Applicant prove proprietorship of an earlier mark or earlier right.

43. Any association between the mark, the race, the Harrison founders and the Invalidation Applicant must be assessed in the context of the parties' authorised and contractual relationship. The Registered Proprietors deny that their use was without due cause, improperly took advantage of a reputation belonging exclusively to the Invalidation Applicant, or was detrimental to any proprietary right proved by it.

Relief

44. The Registered Proprietors respectfully request that the application for invalidation be dismissed, that Registered Trade Mark No. 18907.23 remain on the Register and that they be awarded their costs.

45. The Registered Proprietors seek such further or other relief as the Registrar considers just.

Admissions

46. The Registered Proprietors admit only the following allegations in the application for invalidation:
    a. The formal particulars of Registered Trade Mark No. 18907.23, including the identity of the Registered Proprietors and the filing date of 20 July 2023, are admitted.

    b. It is admitted that the Invalidation Applicant and/or associated Love FM/Love TV interests have participated in the promotion, broadcasting, organisation and management of the event. It is not admitted that they did so as sole proprietor of the mark, goodwill or copyright.

    c. It is admitted that the Memorandum of Understanding & Agreement dated 11 February 2015 exists and concerns operational control of the race and use of the name and logo. It is denied that it effected an absolute assignment to the Invalidation Applicant of all proprietary title in the trade mark, goodwill and copyright.

    d. It is admitted that the sign used by the Invalidation Applicant in connection with the event corresponds to, or substantially corresponds to, the registered sign. It is denied that such use, without proof of proprietorship and title, establishes an earlier trade mark or earlier right within the Act.

    e. Except as expressly admitted above, the Registered Proprietors deny every allegation and legal conclusion in the application for invalidation and put the Invalidation Applicant to strict proof.
