## WATCHKIT

**THE MARK** shown above, Registration No. 11594.15, has been renewed in the name of **Apple Inc., of One Apple Park Way, Cupertino, California, 95014, United States of America**, as of the 2<sup>nd</sup> day of March, 2025, in respect of **International Class 9** for computers; computer peripheral devices; computer hardware; computer game software for gaming machines, namely, slot machines and video lottery terminals; hand held computers; tablet computers; personal digital assistants; electronic personal organizer; electronic notepads; electronic book readers; portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating and reviewing text, data, image and audio files; electronic game software for handheld electronic device; handheld mobile digital electronic devices capable of providing access to the Internet and for the sending, receiving, and storing of telephone calls, faxes, electronic mail, and other digital data; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages, and electronic devices that enable the user to keep track of or manage personal information; sound recording and reproducing apparatus; MP3 and other digital format audio players; digital audio recorders; digital video recorders and players; audio cassette recorders and players; video cassette recorders and players; compact disc recorders and players; digital versatile disc recorders and players; digital audio tape recorders and players; radios, radio transmitters, and receivers; audio, video, and digital mixers; audio amplifiers; audio video receivers; consumer electronic products, namely, audio decoders; audio equipment for vehicles, namely stereos, speakers, amplifier, equalizer and speaker housing; earphones, headphones; audio speakers; microphones; audio components and accessories; modems; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; audiovisual teaching apparatus; optical apparatus and instruments; global positioning system (GPS) devices; telephones; wireless communication devices for voice, data or image transmission; cables, electric; blank tapes for storage of data; magnetic data media; chips, discs and tapes bearing or for recording computer programs and software; facsimile machines; cameras [photography]; batteries, electric; televisions; television receivers [tv sets]; television monitors; set top boxes; computer software, recorded computer and electronic game software; global positioning system (GPS) computer software; computer software for travel and tourism, travel planning, navigation, travel

route planning, geographic, destination, transportation and traffic information, driving and walking directions, customized mapping of locations, street atlas information, electronic map display, and destination information; computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and other multimedia content, electronic publications, and electronic games; computer software for use in recording, organizing, transmitting, manipulating, and reviewing text, data, audio files, video files and electronic games in connection with computers, televisions, television set-top boxes, audio players, video players, media players, telephones, and handheld digital electronic devices; computer software to enable users to program and distribute text, data, graphics, images, audio, video, and other multimedia content via global communication networks and other computer, electronic and communications networks; computer software for identifying, locating, grouping, distributing, and managing data and links between computer servers and users connected to global communication networks and other computer, electronic and communications networks; computer software for use on handheld mobile digital electronic devices and other consumer electronics; electronic publishing software; electronic publication reader software; computer software for personal information management; downloadable pre-recorded audio and audiovisual content, information, and commentary; downloadable electronic books, magazines, periodicals, newsletters, newspapers, journals, and other publications; database management software; software for optical character recognition; software for ensuring the security electronic mail; computer software for accessing, browsing and searching online databases; electronic bulletin boards; data synchronization cables; application development software; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; electrical and electronic connectors, couplers, wires, cables, chargers, docks, docking stations, interfaces, and adapters for use with all of the aforesaid goods; computer equipment for use with all of the aforesaid goods; electronic apparatus with multimedia functions for use with all of the aforesaid goods; electronic apparatus with interactive functions for use with all of the aforesaid goods; accessories, parts, fittings, and testing apparatus for all of the aforesaid goods; covers, bags and cases adapted or shaped to contain all of the aforesaid goods; navigational instruments; apparatus to check stamping mail; cash registers; mechanisms for coin-operated apparatus; dictating machines; hemline markers; voting machines; electronic tags for goods; weighing apparatus and instruments; measures; electronic notice boards; measuring apparatus; optical apparatus and instruments; wafers [silicon slices]; integrated circuits; fluorescent screens; remote control apparatus; lights conducting filaments [optical fibers]; electric installations for the remote control of industrial operations; lightning arresters; electrolyzers; fire extinguishers; radiological apparatus for industrial purposes; life saving apparatus and equipment; whistle alarm sensors; sunglasses; animated cartoons; egg-candlers; dog whistles; decorative magnets; electrified fences; electrically heated socks; alarms, alarm sensors, and alarm monitoring systems; camera hardware systems for IP Internet protocol video surveillance; smoke and carbon monoxide detectors; thermostats, monitors, sensors, and controls for air conditioning, heating, and ventilation devices and systems; locks, electric; lighting controls; central processing units [processors], microprocessors, semiconductors, computer chips and chipsets, and integrated circuits; **International Class 14** for horological and chronometric instruments; watches; clocks; timepieces; chronographs for use as timepieces; chronometers; watchstraps; watch bands; cases for watches, clocks, and horological and chronometric instruments; parts for watches, clocks, and horological and chronometric instruments; jewelry; **International Class 42** for scientific and technological services, namely, research and design in the field of computer networking hardware; computer programming; design and development of computer hardware and software; design, development and maintenance of proprietary computer software in the field of natural language, speech, speaker, language, voice recognition, and voice-print recognition; rental of computer hardware and software apparatus and equipment; computer hardware and software consulting services; computer hardware and software used for the control of voice controlled information and communication devices; website creation, design and maintenance services; website hosting services; application service provider (ASP) services featuring hosting computer software applications of others; application service provider (ASP) services featuring software for creating, authoring, distributing, downloading, transmitting, receiving, playing, audio, video, and multimedia content, and electronic publications; application service provider (ASP) services featuring software for use in connection with voice recognition software and voice-enabled software applications; computer services, namely, providing search engines for obtaining data via the internet and other electronic communications networks on a global computer network; creating indexes of online information, sites and other resources available on global computer networks for others; electronic storage of data, text, images, audio, and video; cartography and mapping services; information, advisory and consultancy services relating to all the aforesaid, of which it has been used. The mark shall remain valid for a period of ten years until the 2<sup>nd</sup> day of March, 2035, upon which it can be renewed for further periods of ten years.

## WATCH OS

**THE MARK** shown above, Registration No. 11595.15, has been renewed in the name of **Apple Inc., of One Apple Park Way, Cupertino, California, 95014, United States of America**, as of the 2<sup>nd</sup> day of March, 2025, in respect of **International Class 14** for horological and chronometric instruments; watches; clocks; timepieces; chronographs for use as timepieces; chronometers; watchstraps; watch bands; cases for watches, clocks, and horological and chronometric instruments; parts for watches, clocks, and horological and chronometric instruments; jewelry, of which it has been used. The mark shall remain valid for a period of ten years until the 2<sup>nd</sup> day of March, 2035, upon which it can be renewed for further periods of ten years.

## WATCH OS

**THE MARK** shown above, Registration No. 11596.15, has been renewed in the name of **Apple Inc., of One Apple Park Way, Cupertino, California, 95014, United States of America**, as of the 2<sup>nd</sup> day of March, 2025, in respect of **International Class 9** for computers; computer peripheral devices; computer hardware; computer game software for gaming machines, namely, slot machines and video lottery terminals; hand held computers; tablet computers; personal digital assistants; electronic personal organizer; electronic notepads; electronic book readers;

portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating and reviewing text, data, image and audio files; electronic game software for handheld electronic devices; handheld mobile digital electronic devices capable of providing access to the internet and for the sending, receiving, and storing of telephone calls, faxes, electronic mail, and other digital data; electronic handheld units for the wireless receipt, storage and/or transmission of data and messages, and electronic devices that enable the user to keep track of or manage personal information; sound recording and reproducing apparatus; MP3 and other digital format audio players; digital audio recorders; digital video recorders and players; audio cassette recorders and players; video cassette recorders and players; compact disc recorders and players; digital versatile disc recorders and players; digital audio tape recorders and players; radios, radio transmitters, and receivers; audio, video, and digital mixers; audio amplifiers; audio video receivers; consumer electronic products, namely, audio decoders; audio equipment for vehicles, namely stereos, speakers, amplifier, equalizer and speaker housing; earphones, headphones; audio speakers; microphones; audio components and accessories; modems; electronic apparatus, namely, electronic display boards, plasma display boards, electronic display screens; audiovisual teaching apparatus; optical apparatus and instruments; global positioning system (GPS) devices; telephones; wireless communication devices for voice, data or image transmission; cables, electric; blank tapes for storage of data; The mark shall remain valid for a period of ten years until the 12<sup>th</sup> day of June, 2035, upon which it can be renewed for further periods of ten years.

**CFE(6):26.1.1;29.1.3,4**

**THE MARK** shown above, Registration No. 11950.15, has been renewed in the name of **Claudiel Roustang Galac, of 33 Avenue du Maine, Tour Maine Montparnasse, 75015 Paris, France**, as of the 8<sup>th</sup> day of July, 2025, in respect of **International Class 29** for meat, fish, poultry and game, not live; meat extracts; charcuterie; crustaceans, not live; preserved, dried, frozen and cooked fruit, mushrooms and vegetables; fruit pulp and fruit salads; vegetable salads; meat, fish, vegetables and fruit, tinned [canned (Am.)]; jams; marmalade; compotes; jellies for food; gelatin for food; pollen prepared as foodstuff; seaweed extracts for food; soya beans preserved for food; protein milk; bouillon; soups; vegetable juices for cooking; eggs for human consumption; milk; butter; cream [dairy products]; yogurt; dairy products excluding ice cream, ice milk and frozen yogurt; drinking yogurts; cheese; cheese and the aforesaid goods for use in cooking and food preparation; melted cheeses; milk beverages, milk predominating; soya milk [milk substitute]; edible oils and fats; cooked dish consisting wholly or substantially of the aforesaid goods; milk-based beverages with high milk content, of which it has not been used. The market conditions until now have not justified entry into the market but may change in the future. The mark shall remain valid for a period of ten years until the 8<sup>th</sup> day of July, 2035, upon which it can be renewed for further periods of ten years.

## TIMBERLAND

**THE MARK** shown above, Registration No. 11954.15, has been renewed in the name of **TBL Licensing LLC., of 200 Domain Drive, Stratham, New Hampshire 03885, United States of America**, as of the 9<sup>th</sup> day of July, 2025, in respect of **International Class 14** for clocks, clock cases, hat ornaments of precious metal, jewelry, jewelry cases [caskets], key rings [trinkets or fobs], ornamental pins, tie clips, tie pins, straps for wristwatches, watch bands, watch chains, watch cases, watches, wristwatches, of which it has not been used, due to lack of a suitable distributor in Belize. The mark shall remain valid for a period of ten years until the 9<sup>th</sup> day of July, 2035, upon which it can be renewed for further periods of ten years.

**CFE(6):5.1.4;26.1.15**

**THE MARK** shown above, Registration No. 11955.15, has been renewed in the name of **TBL Licensing LLC, of 200 Domain Drive, Stratham, New Hampshire 03885, United States of America**, as of the 9<sup>th</sup> day of July, 2025, in respect of **International Class 14** for clocks, clock cases, hat ornaments of precious metal, jewelry, jewelry cases [caskets], key rings [trinkets or fobs], ornamental pins, tie clips, tie pins, straps for wristwatches, watch bands, watch chains, watch cases, watches, wristwatches, of which it has not been used, due to lack of a suitable distributor in Belize. The mark shall remain valid for a period of ten years until the 9<sup>th</sup> day of July, 2035, upon which it can be renewed for further periods of ten years.

**CFE(6):26.1.1;27.5.1,4;29.1.4**

**THE MARK** shown above, Registration No. 11956.15, has been renewed in the name of **PepsiCo, Inc., of 700 Anderson Hill Road, Purchase, New York 10577, U.S.A.**, as of the 10<sup>th</sup> day of July, 2025, in respect of **International Class 28** for toys; apparatus for games, of which it has been used. The mark shall remain valid for a period of ten years until the 10<sup>th</sup> day of July, 2035, upon which it can be renewed for further periods of ten years.

---

## HUAWEI MATE

**THE MARK** shown above, Registration No. 12004.15, has been renewed in the name of **Huawei Technologies Co., Ltd., of Administration Building Huawei Technologies Co., Ltd. Bantian, Longgang District, Shenzhen, P.R. China**, as of the 31<sup>st</sup> day of July, 2025, in respect of **International Class 9** for mobile phones; protective covers for mobile phones; fitted plastic films known as skins for covering and protecting electronic apparatus, namely, mobile phones; tablet computers; protective covers for tablet computers; fitted plastic films known as skins for covering and protecting electronic apparatus, namely, tablet computers; smartwatches; wearable activity trackers; loudspeakers; cabinets for loudspeakers; ear phones; headphones; wireless network routers; gateway [telecommunications], of which it has been used. The mark shall remain valid for a period of ten years until the 31<sup>st</sup> day of July, 2035, upon which it can be renewed for further periods of ten years.

---

## APOTHIC DARK

**THE MARK** shown above, Registration No. 12033.15, has been renewed in the name of **E. & J. Gallo Winery, of 600 Yosemite Boulevard, Modesto, California 95354, U.S.A.**, as of the 5<sup>th</sup> day of August, 2025, in respect of **International Class 33** for alcoholic beverages, except beer, of which it has been used. The mark shall remain valid for a period of ten years until the 5<sup>th</sup> day of August, 2035, upon which it can be renewed for further periods of ten years.

---

## HEWLETT PACKARD

**THE MARK** shown above, Registration No. 12034.15, has been renewed in the name of **HP Hewlett Packard Group LLC, of 10300 Energy Drive, Spring, Texas 77389, United States of America**, as of the 5<sup>th</sup> day of August, 2025, in respect of **International Class 9** for computer software [recorded]; computer programs [downloadable software]; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking hardware and computer communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters, namely circuit boards; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems comprising data processing apparatus, data storage modules, computer networking modules, power modules and internal computer cooling modules; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits; computer operating systems; computer software [recorded] namely, firmware for operating computer hardware and peripherals; computer software [recorded] for use with computer servers, computer networks, computer storage devices, computer device virtualization and for cloud computing; database, data center and data warehouse software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; computer software [recorded] for IT service desk and help desk applications; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; computer software, recorded, for information and knowledge management; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software, recorded, for business and big data analytics; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; computer software, recorded, for business process insight and project management and e-commerce; customer relationship management (CRM) software; enterprise resource and risk management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; computer software, recorded, for, application testing and delivery; and for application and device lifecycle management; computer software, recorded, namely, software-defined infrastructure (SDS) software; computer software, recorded, that provides web-based access to

applications and services through a web operating system or portal interface; computer software, recorded, to automate and manage utility industry services, operations and billing; computer software, recorded, for managing software licenses; **International Class 16** for printed matter; printed instructional and teaching material (except apparatus); printed matter in the field of computers and information technology; printed brochures about technological developments; printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals; **International Class 35** for advertising; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information regarding products and services via communication networks for marketing and providing information to assist in performing electronic business transactions via communications networks; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; business management process management and consulting; business consultancy in the field of application delivery management; business marketing consultancy; **International Class 36** for purchase financing and lease financing services; administration of employee benefit plans concerning insurance and finance; administration of employee welfare benefit plans concerning insurance and finance; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; **International Class 37** for installation, maintenance and repair of computers and computer networking and computer telecommunications hardware, of which it has been used. The mark shall remain valid for a period of ten years until the 5<sup>th</sup> day of August, 2035, upon which it can be renewed for further periods of ten years.

## HEWLETT PACKARD

**THE MARK** shown above, Registration No. 12036.15, has been renewed in the name of **HP Hewlett Packard Group LLC, of 10300 Energy Drive, Spring, Texas 77389, United States of America**, as of the 5<sup>th</sup> day of August, 2025, in respect of **International Class 38** for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks; providing unified communication services; **International Class 41** for providing educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology; **International Class 42** for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of

diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non-virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; rental of computer software, hardware and peripherals; leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; monitoring of computer systems by remote access; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; database development services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software for use in database management, for service desk management and for accounting; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT reporting and forecasting, IT infrastructure fault and performance monitoring and Computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses, of which it has been used. The mark shall remain valid for a period of ten years until the 5<sup>th</sup> day of August, 2035, upon which it can be renewed for further periods of ten years.

**CFE(6):26.3.20**

**THE MARK** shown above, Registration No. 12067.15, has been renewed in the name of **HUAWEI TECHNOLOGIES CO., LTD., of Administration Building Huawei Technologies Co., Ltd. Bantian, Longgang District, Shenzhen, P.R. China**, as of the 17<sup>th</sup> day of August, 2025, in respect of **International Class 9** for chips [integrated circuits] used for communication products; chips [integrated circuits]; integrated circuits; printed circuit boards; printed circuits, of which it has been used. The mark shall remain valid for a period of ten years until the 17<sup>th</sup> day of August, 2035, upon which it can be renewed for further periods of ten years.

## Huawei Kirin

**THE MARK** shown above, Registration No. 12069.15, has been renewed in the name of **Huawei Technologies Co., Ltd., of Administration Building Huawei Technologies Co., Ltd. Bantian, Longgang District, Shenzhen, P.R. Chine**, as of the 17<sup>th</sup> day of August, 2025, in respect of **International Class 9** for chips [integrated circuits] used for communication products; chips [integrated circuits]; integrated circuits; printed circuit boards; printed circuits, of which it has been used. The mark shall remain valid for a period of ten years until the 17<sup>th</sup> day of August, 2035, upon which it can be renewed for further periods of ten years.

### CFE(6):26.4.2

**THE MARK** shown above, Registration No. 12211.15, has been renewed in the name of **HP Hewlett Packard Group LLC, of 10300 Energy Drive, Spring, Texas 77389, United States of America**, as of the 14<sup>th</sup> day of October, 2025, in respect of **International Class 42** for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and Internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; rental of computer software, hardware and peripherals; leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; monitoring of computer systems by remote access; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; database development services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software or use in database management, for service desk management and for accounting; Internet-based application service

provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT reporting and forecasting, IT infrastructure fault and performance monitoring and computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; software as a service, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses, of which it has been used. The mark shall remain valid for a period of ten years until the 14<sup>th</sup> day of October, 2035, upon which it can be renewed for further periods of ten years.

**CFE(6):26.4.2**

**THE MARK** shown above, Registration No. 12212.15, has been renewed in the name of **HP Hewlett Packard Group LLC, of 10300 Energy Drive, Spring, Texas 77389, United States of America**, as of the 14<sup>th</sup> day of October, 2025, in respect of **International Class 9** for computer software [recorded]; computer programs [downloadable software]; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking hardware and computer communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters, namely circuit boards; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems comprising data processing apparatus, data storage modules, computer networking modules, power modules and internal computer cooling modules; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits; computer operating systems; computer software [recorded] namely, firmware for operating computer hardware and peripherals; computer software [recorded] for use with computer servers, computer networks, computer storage devices, computer device virtualization and for cloud computing; database, data center and data warehouse software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; computer software [recorded] for IT service desk and help desk applications; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage,

processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; computer software, recorded, for information and knowledge management; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software, recorded, for business and big data analytics; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; computer software, recorded, for business process insight and project management and e-commerce; customer relationship management (CRM) software; enterprise resource and risk management software; records management software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; computer software, recorded, for, application testing and delivery; and for application and device lifecycle management; computer software, recorded, namely, software-defined infrastructure (SDS) software; computer software, recorded, that provides web-based access to applications and services through a web operating system or portal interface; computer software, recorded, to automate and manage utility industry services, operations and billing; computer software, recorded, for managing software licenses; **International Class 35** for advertising; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information regarding products and services via communication networks for marketing and providing information to assist in performing electronic business transactions via communications networks; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; business process management and consulting; Business consultancy in the field of application delivery management; business marketing optimization consultancy; **International Class 36** for purchase financing and lease financing services; administration of employee benefit plans concerning insurance and finance; administration of employee welfare benefit plans concerning insurance and finance; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; **International Class 37** for installation, maintenance and repair of computers and computer networking and computer telecommunications hardware **International Class 38** for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks, of which it has been used. The mark shall remain valid for a period of ten years until the 14<sup>th</sup> day of October, 2035, upon which it can be renewed for further periods of ten years.

**THE MARK** shown above, Registration No. 12238.15, has been renewed in the name of **Suzhou Dake Machinery Co., Ltd., of Room 618, Building Number 1, Lucky City Commercial Center, Suzhou Industrial Park, Suzhou City, Jiangsu Province, China**, as of the 28<sup>th</sup> day of October, 2025, in respect of **International Class 7** for power operated tools and machine tools, namely, drills, screwdrivers, hammers, cutters, saws, sanders, polishers, grinders, wrenches, planers, routers, engraving machines, jointers, hot-air guns, hot glue guns, spray guns for paint, nailing guns, staple guns, drill press, wood lathe, electric hoist, nailing apparatus, stapler machines, chasers [machine tools]; electric kitchen machines, namely, mixers; concrete vibrators; concrete mixer; demolition breaker; plate compactor; power machine for cutting and splitting logs for firewood; woodworking machines; air powered tools, namely, drills, screwdrivers, rivet hammers, saws; air-operated power tools, namely, grease lubricator; air compressors; power lawn and garden tools, namely, blowers, grass trimmers, hedge trimmers, lawn mowers, lawn edgers, shredders, pumps, high pressure washers, vacuum cleaners; agricultural machines; generators of electricity; cutting blow pipes, gas-operated; motors, other than for land vehicles; exhausts for motors and engines; chain block hoists; power-operated lifting and moving equipment, namely, fork lifts; welding machines, electric; power-operated nibblers; power tool accessories, namely, tool bits, drill bits, drill chucks, router bits, screwdriver bits, saw blades, grinding wheels, polishing pads, abrasive wheels, sanding sheets, cutting discs; power-operated nailing guns; pads for floor polishing machines; **International Class 8** for hand tools and hand instruments, namely, awls, ice picks; hand tools, namely, hand-operated pumps; hand drills [hand tools]; screwdrivers; saws [hand tools]; wrenches [hand tools]; pliers; clamps for carpenters or coopers; hammers [hand tools]; axes; chisels; planers [hand tools]; cutters, namely, cake cutters, callus cutters, glass cutters, pizza cutters; hand-powered tackers; hand-operated staple guns; files [tools]; nippers; punches [hand tools]; riveters [hand tools]; trowels; shovels [hand tools]; hex keys; spanners [hand tools]; crimping irons; lifting jacks, hand-operated; hand tools, namely, jaws puller; tool belts [holders]; agricultural implements, hand-operated; garden tools, namely, cultivators; shears; rakes [hand tools]; lawn clippers [hand instruments]; hand-operated lawn edgers; pruning knives; abrading instruments [hand instruments]; knives, namely, chef knives, fruit knives, bread knives, working knives; sharpening instruments; bits [parts of hand tools]; emery grinding wheels; cutting tool [hand tools]; sanding discs [parts of

hand tools]; saw blade [parts of hand tools]; **International Class 9** for weighing apparatus and instruments; scales; measuring apparatus and instruments; measuring tapes; spirit level; laser, not for medical purposes; calipers; digital multimeter; clamp meters for measuring electricity; probes for testing integrated circuits; probes for testing semiconductors; insulated clothing for protection against accident or injury; reflective and illuminated clothing for safety purposes; protective helmets; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; protective face masks not for medical purposes; respiratory masks, other than for artificial respiration; protective industrial boots; goggles for sports; knee-pads for workers; ear plug for divers; battery packs; battery chargers; cables, electric; wires, electric; switches, electric; transformers [electricity]; electrical plugs and sockets; commutators; relays, electric; electric switch plates; current rectifiers; covers for electric outlet; voltage regulators for vehicles; voltage regulators for electrical equipment; locks, electric, of which it has been used. The mark shall remain valid for a period of ten years until the 28<sup>th</sup> day of October, 2035, upon which it can be renewed for further periods of ten years.

---

## MONSTER JUICE

**THE MARK** shown above, Registration No. 12312.15, has been renewed in the name of **Monster Energy Company, of 1 Monster Way, Corona, California 92879, U.S.A.**, as of the 25<sup>th</sup> day of November, 2025, in respect of **International Class 32** for non-alcoholic beverages; beer, of which it has not been used. Prevailing market conditions have not justified entry into the market but may change in the future. The mark shall remain valid for a period of ten years until the 25<sup>th</sup> day of November, 2035, upon which it can be renewed for further periods of ten years.

**Hewlett Packard  
Enterprise**

### CFE(6):26.4.2

**THE MARK** shown above, Registration No. 12317.15, has been renewed in the name of **HP Hewlett Packard Group LLC, of 10300 Energy Drive, Spring, Texas 77389, United States of America**, as of the 30<sup>th</sup> day of November, 2025, in respect of **International Class 9** for computer software [recorded]; computer programs [downloadable software]; data processing apparatus; computers; computer hardware; computer servers; network servers; Internet servers; computer networking hardware and computer communications hardware; computer network hubs, routers, controllers, switches and wireless access points; computer storage hardware; computer storage servers; computer storage area network (SAN) servers; computer network-attached storage (NAS) hardware; computer and communications hardware for storage area networks; disk backup hardware; disk drives; disk drive arrays and enclosures; redundant array of independent disks (RAID) controllers; host bus adapters, namely circuit boards; data storage systems comprising computer hardware, computer peripherals and operating system software; integrated IT systems comprising converged computer, storage and networking hardware and software; modular IT systems comprising data processing apparatus, data storage modules, computer networking modules, power modules and internal computer cooling modules; computer peripherals; digital signage; magnetic tape units for computers; blank tapes for storage of computer data; memory chips; semiconductors, printed circuit boards, integrated circuits; computer operating systems; computer software [recorded] namely, firmware for operating computer hardware and peripherals; computer software [recorded] for use with computer servers, computer networks, computer storage devices, computer device virtualization and for cloud computing: database, data center and data warehouse software; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; software for computer network operation, management, automation and virtualization; computer software for software-defined networking; local area network (LAN) operating software; wide area network (WAN) operating software; computer software for connecting disparate computer systems, servers and storage devices; software for cloud infrastructure management and automation; computer software used for running cloud computing based applications; cloud computer software for use in enterprise applications, database management, and electronic storage of data; computer software for monitoring cloud, web and application performance; computer software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring; computer software [recorded] for IT service desk and help desk applications; computer software for data protection and data security; computer software for providing security for computers, networks and electronic communications; application and network security software; computer software for monitoring computer network access and activity; computer software for assessing application security; data and document encryption and decryption software; cryptography software; computer user authentication software; software for information security compliance monitoring, reporting and analytics; IT security intelligence and risk management software; data backup, recovery and archiving software; computer software for data deduplication; database management software; computer software used to read and evaluate content located on global computer networks, databases and/or networks; computer software for application and database integration; computer search engine software; software for searching databases; computer software for creating searchable databases of information and data; computer data warehouse operation and automation software; data center operation and automation software; computer software for data transmission, storage, processing and reproduction; computer software for accessing, querying and analyzing information stored in databases and data warehouses; Computer software, recorded, for information and knowledge management; business intelligence software; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software, recorded, for business and big data analytics; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; computer software, recorded, for business process insight and project management and e-commerce: customer relationship management (CRM) software; enterprise resource and risk management software; records management

software; software development and deployment tools; software development tools for the creation of mobile Internet applications and client interfaces; computer software, recorded, for, application testing and delivery; and for application and device lifecycle management; Computer software, recorded, namely, software-defined infrastructure (SDS) software; computer software, recorded, that provides web-based access to applications and services through a web operating system or portal interface; computer software, recorded, to automate and manage utility industry services, operations and billing; computer software, recorded, for managing software licenses; **International Class 16** for printed matter; printed instructional, educational, and teaching materials in the field of computer software and hardware, information technology and technological developments; printed matter in the field of computers and information technology; printed brochures about technological developments; printed reference guides, technical bulletins, data sheets and printed product catalogs in the field of computers and information technology; product operating and service guides for computers and computer peripherals; **International Class 35** for advertising; business management consulting services; business consulting services in the field of information technology (IT); business consultation services in the field of business process improvement and outsourcing; business consultation services in the field of enterprise architecture; IT outsourcing services and employment staffing for information technology projects; business process outsourcing; IT strategic planning services; IT asset management services; compilation and systemization of information into computer databases; database management services; online retail store services and ordering services featuring computer hardware, software and peripherals; business services, namely, assisting others in the negotiation and development of business partnerships and business alliances; marketing and promotional program services in the field of information and computer technology; customer relationship management services; electronic commerce services, namely, providing information regarding products and services via communication networks for marketing and providing information to assist in performing electronic business transactions via communications networks; taxonomy services, namely, classification and organization of data for records management purposes; providing a website featuring an online marketplace for sellers and buyers of computer and IT goods and services; business knowledge management services; business data analysis; business process management and consulting; business consultancy in the field of application delivery management; business marketing optimization consultancy; **International Class 36** for purchase financing and lease financing services; administration of employee benefit plans concerning insurance and finance; administration of employee welfare benefit plans concerning insurance and finance; providing credit card transaction processing services for others; providing insurance claim processing services for others; financial analysis and consultation services for the organization and administration of banking and financial operations; financial asset management; **International Class 37** for installation, maintenance and repair of computers and computer networking and computer telecommunications hardware, of which it has been used. The mark shall remain valid for a period of ten years until the 30<sup>th</sup> day of November, 2035, upon which it can be renewed for further periods of ten years.

**Hewlett Packard  
Enterprise**

**CFE(6):26.4.2**

**THE MARK** shown above, Registration No. 12318.15, has been renewed in the name of **HP Hewlett Packard Group LLC, of 10300 Energy Drive, Spring, Texas 77389, United States of America**, as of the 30<sup>th</sup> day of November, 2025, in respect of **International Class 38** for telecommunications services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; providing data transmission services via electronic communications networks; providing secure real time electronic communication over a computer network; providing virtual private network services, namely, private and secure electronic communications over a private or public computer network; consulting in the field of communications and telecommunications; providing online chat rooms, bulletin boards and forums for transmission of messages among users in the fields of computers, software, information technology and general interest; streaming of audio and video material on the Internet; voice over Internet protocol (VOIP) services; file sharing services, namely, electronic transmission of data via global computer networks; providing unified communication services; **International Class 41** for providing educational and training services, namely, conducting classes, workshops, seminars and conferences in the field of computers, software, electronic commerce and information technology; online journals, namely, blogs featuring information in the fields of computers, software, electronic commerce and information technology; **International Class 42** for software as a service [SaaS]; cloud computing services; information technology consultancy services; computer software support and maintenance services; computer systems design and analysis; computer systems integration services; integration of computer systems and software; integration of computer systems and networks; computer system administration for others; rental and leasing of computer hardware and computer peripherals; computer consulting services; computer software consultancy; providing consulting services for others in the design, selection, implementation and use of computer software; consulting services in the field of software as a service; Internet consulting services; consulting in the field of IT and applications transformation, integration, modernization, migration, design, development, implementation, testing, optimization, operation and management; consulting in the field of cloud computing networks and applications; consulting and information services relating to information technology architecture and infrastructure, namely in the field of cloud computing; consultancy and information services relating to technology architecture and infrastructure, namely in the field of data center networks, cloud computing and Internet technological research; computer security consultancy; consultancy in the field of computer security and information technology [IT] consulting services; Consulting in the field of IT mobility and workplace services, namely, business efficiency services and risk management services; consultancy relating to software and hardware for communication systems; information technology [IT] consultancy, namely, for customer relationship management, finance and administration, human resources, payroll and document processing; technical consulting in the field of environmental engineering and energy efficiency; scientific and technological services, namely, research and design in the field of computer networking hardware and computer datacenter architecture; technical consulting services in the field of datacenter architecture; providing temporary use of online non-downloadable middleware for providing an interface between software applications and

---

operating systems; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; computer hardware and software design and development; computer programming services; developing driver and operating system software; software application development, modernization and cloud integration; software installation, maintenance and update services; testing, analysis, and evaluation of computers, networks and software to assure compliance with computer industry standards; business technology software development and consultation services; computer programming services for others in the field of software configuration management; computer software development in the field of mobile applications; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer technology support services, namely, help desk services; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, migration of datacenter, server and database applications; technical support services, namely, monitoring of computers, network systems, servers and web and database applications, and notification of related events and alerts; technical support services, namely remote real-time computer and network monitoring services; technical support services, namely, remote and on-site infrastructure management services for monitoring, administration, and management of public and private cloud computing IT and application systems; providing website hosting services, website development and customized online web pages for others; consulting services in the field of cloud computing; cloud hosting provider services; hosting software applications for others; cloud hosting of electronic databases; computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; rental of computer software, hardware and peripherals leasing of computer hardware, computer software and computer peripherals to others on a subscription or pay-per-use basis; consulting in the field of virtualization technologies for enterprises and businesses; IT programming services, namely, management of hardware, software systems, peripherals and applications for others; Cloud computing featuring software for use in database management; computer services, namely, hosting computer databases and computer sites [websites], provisioning computer programs on data networks and information related thereto, administration of user rights in computer networks, maintaining and updating computer software; securing electronic data, encrypting electronic data, decrypting electronic data; back-up and replicate services of computer databases for others; computer project management in the field of electronic data processing; cloud computing; configuration and integration of computer networks; design of unified communication services; data center and data warehouse services, namely, rental of space in a computer colocation facility for containerized data centers of others; database development services; data mining services; electronic data backup services; digital image correction, restoration and enhancement of videos, photographs and documents; data migration services; data encryption and decryption services; cloud computing featuring software for use in database management and data warehousing; electronic data storage; electronic storage of electronic media, namely, images, text, video and audio data; software as a service (SAAS) and platform as a service (PAAS) featuring software for use in database management, for service desk management and for accounting; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; providing temporary use of non-downloadable software for virtualizing and managing computers, computer hardware and software, servers and computer networks; providing temporary use of non-downloadable software for computer and network operation, management, automation, virtualization, configuration, provisioning, deployment, and control; temporary use of non-downloadable software for information technology (IT) management, IT infrastructure management, remote IT infrastructure management, IT asset management and inventory, IT process automation, IT device lifecycle management, IT security, IT reporting and forecasting, IT infrastructure fault and performance monitoring, and Computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; providing temporary use of non-downloadable software for data protection, data security, and computer application and network security; temporary use of non-downloadable software for information security regulatory compliance; providing temporary use of non-downloadable software for monitoring computer network access and activity; providing temporary use of non-downloadable software for data encryption and decryption, cryptography, computer user authentication, and information security compliance monitoring, reporting and analytics; providing temporary use of non-downloadable software for data backup, recovery, archiving and deduplication; providing temporary use of non-downloadable software for cloud infrastructure management and automation; providing temporary use of non-downloadable software for cloud, web and application performance monitoring; providing temporary use of non-downloadable software for database and database management, data warehouse operation and automation, data center operation and automation, application and database integration, data transmission, storage, processing and reproduction, and for accessing, querying and analyzing information stored in databases and data warehouses; providing temporary use of non-downloadable software for business intelligence, business process insight, data analytics, information management, knowledge management, customer relationship management, and enterprise resource and risk management; providing temporary use of non-downloadable software for storing, managing, tracking, and analyzing business data; providing temporary use of non-downloadable search engine software and software for project and records management; providing temporary use of non-downloadable software for software development, deployment, testing, delivery and application lifecycle management; providing temporary use of non-downloadable software for converged IT systems; providing temporary use of non-downloadable software-defined infrastructure (SDS) software; providing temporary use of non-downloadable software in fields of converged and hyper-converged IT infrastructure; Software as a Service services, namely, hosting cloud and datacenter infrastructure software for use by others for use in database management and application development; providing temporary use of non-downloadable software for automating and managing utility industry services, operations and billing; temporary use of non-downloadable software for managing software licenses, of which it has been used. The mark shall remain valid for a period of ten years until the 30<sup>th</sup> day of November, 2035, upon which it can be renewed for further periods of ten years.
